Mar 2018

PROJECTS

Chat Bot — Mini Project

Chatbots are conversational tools that perform routine tasks efficiently. People like them because they help them get through those tasks quickly.

Student Management(CRUD)— Built using Python and SQL

Student Management system using CRUD operations (Create, Read, Update, Delete) to efficiently manage student data.

ECommerce Website— Built using HTML,CSS and Java Script

Led the development of a robust eCommerce website from concept to launch, driving online sales and enhancing user experience.
